

# Revolution® Ice Shaver

## HBS1400

### 3 Reasons to Buy!

#### Performance

- Insulated double-wall hopper reduces noise and keeps ice cold
- Precise ice portion control with Revolution® portion system
- Prepare up to four 16 oz. drinks at a time in 64 oz. container

User-friendly automatic cycle buttons for serving size & number of servings

#### Reliability

- Sensor technology knows if hopper lid is in place or drain line is full
- Heavy-duty shaver blade made of durable stainless steel
- 2 year parts & labor warranty or 25,000 cycles, whichever comes first

#### Superior Service

**Express Care Service Program** During the product warranty dial 1-866-285-1087 toll-free to speak to a member of our highly trained technical staff. [Learn more...](#)

**Revolution® Portion System** - For maximum accuracy, this unique ice portioning system counts the number of times the agitator passes the shaver blade. Regardless of the motor load, the correct amount of ice comes out every time! Systems that calculate portions by time or weight may not be delivering consistent drink quality to your customers. Time systems don't reliably shave the right amount of ice because the motor speed will vary with the load (the motor may spin more slowly when the ice hopper is full). Systems that rely on just the weight of ice can be inaccurate during blending because of container movement. The Revolution® Portion System eliminates these concerns by delivering the right amount of ice every time.

**Double-Wall Hopper** - Insulated for quiet operation and to keep ice cold.

**Sensor Technology** - Hopper sensor prevents operation when lid is not in place. Drain sensor indicates if water is backed up in the drain. This alerts the operator to check the drain line before a messy water backup.

**3 Hp Blender Motor** - Powerful, heavy-duty, and built to satisfy the demands of the busiest bars.

**Automatic Cycle Buttons** - Let operators select serving size and number of servings for precise results.

#### Specifications:

**Standard:** Unit comes with base, ice chute, 2 piece hopper with lid, 64 oz. polycarbonate container & leveling feet

**Controls:** Touchpad

**Motors:** 3 Hp blender, 1/4 Hp shaver

**Electrical:** 120 V, 60 Hz, 15 amps

**Weight:** 71 lbs / 32.21 kg

**Warranty:** 2 years parts & labor

**I 2 of 5:** 10040094912701

**Case Pack Qty:** 1

Insulated double-wall hopper reduces noise and keeps ice cold (showing inner hopper only)

A press of the automatic cycle buttons sets the right serving size and number of servings

Includes stackable 64 oz. container (model 6126-650) that also fits Tempest® and Summit® Blenders
